Yearbooks are important. Any staff that undertakes to produce this most valued of the souvenirs of college days lets itself in for tremendous responsibilities and a year of back-breaking extra-curricular hard work. And this is true in spades when it turns out to be a "year of decision," as this one was for *The Lamp*. As a result all our effort has been dedicated to the end that this book should be fresh, new, original, and unlike any other in the history of Lasell. Neither time nor energy nor expense was spared — from the art work and layout of our most talented Mr. Warren to the pictures of *Life* photographer Ted Polumbaum — to make this a unique and memorable performance. It hasn't always been easy, but we might as well confess that it's been twice as much fun and at least ten times the challenge as doing it the old way. We take great pride in presenting to you *The 1960 Lamp*, with the hope that you enjoy it, now and in the years ahead, as much as we did making it for you.

BARBARA ANN FELLER

January 27, 1940 — August 14, 1959

Almost from the moment Barbara Ann Feller arrived on the Lasell campus in the Fall of her Freshman year it became apparent that she possessed to an unusual degree a talent for friendship. It seems unlikely that many students here have ever inspired such deep and satisfying personal relationships as she quickly did, both in the immediate circle of her dormitory and among her classmates at large. Quiet but affable, cooperative in college affairs, and sincere in her enthusiasms, the memory of this charming girl has been like a living presence on the campus this year to all who knew her. It seems fitting that we should pause at the beginning of our yearbook to recall the tragic loss of one of the best-loved members of the Class of 1960.

BARBARA ANN AINSWORTH
Medical Technology
"Butch" . . . sportsminded . . . "Oh, for heaven's sake!" . . . collects china.
Science Club 1, 2; Badminton Club 1, 2; Workshop Players 1, 2.
